Dear Mayor and Council

RE: 1515 Barrow Street – Public Hearing

I would like to voice my support for the proposed redevelopment of 1515 Barrow Street by PC Urban Properties . As I am unable to attend the July 17th Public Hearing in person, I am writing to confirm my position.

We are currently planning a development on the north side of Barrow Street at Lot B, Block 40 District Lot 204 Group 1 New Westminster District Plan BCP 49184 , which will be directly opposite 1515 Barrow Street. We will therefore be future neighbors of the proposed development.

As a long term business and property owner on Barrow Street, it will be great to see the neighborhood upgraded with an initiative like this. We believe the redevelopment of 1515 Barrow Street will significantly improve the area around the Barrow Street / Mountain Highway intersection with a building of high architectural quality. The proposed light industrial use of the building will be wholly complimentary to current surrounding uses, as well as delivering the vision of the new OCP.

We look forward to the further improvement and densification of the area as the rest of the Lower Lynn Official Community Plan is brought forward.

Yours sincerely

Andrew Priatel
