The Corporation of the District of North Vancouver
REPORT TO COUNCIL

File: 3060.20/081.11
 October 25, 2012

AUTHOR: Casey Peters, Planning Assistant

SUBJECT: NEIGHBOURHOOD RESPONSE TO DEVELOPMENT VARIANCE PERMITS BEING
 CONSIDERED OCTOBER 29, 2012

RECOMMENDATION: That Council receive this report for information.

REASON FOR REPORT:

In accordance with Council's request to receive an indication as to the number of residents receiving notification, being in support or in opposition, the following information is submitted for the development variance permits being considered on October 29, 2012.

DISCUSSION:

As of 10:00 a.m. on October 25, 2011:

- a) Development Variance Permit 81.11 – 1025 Chamberlain Drive: DVP for Subdivision
- i) 51 notices were sent out to adjacent property owners/residents. Three residents called with concerns regarding the lack of available street parking. District staff have reviewed the existing street parking and have determined that there is an opportunity to create parking bays on the boulevard in front of the subject parcel to provide additional public parking. District staff have notified the concerned residents of this proposal and have received a positive response to this proposed solution. Should Council issue DVP 81.11 then staff will work with the applicant to design and provide these parking bays as a condition of subdivision.

Casey Peters
 Planning Assistant
