The District of North Vancouver REPORT TO COUNCIL

May 22, 2014
File: 01.0115.30/002.000

AUTHOR: Natasha Letchford, Deputy Municipal Clerk

SUBJECT: Replacement attachment for: "Amendment to Sewer Bylaw to Include Reference to Groundwater"

REASON FOR REPORT:

The bylaw circulated to Council in the Regular Agenda as an attachment to the May 16th report of the Section Manager – Engineering Design and Planning, is an incorrect version of the bylaw and needs to be replaced with "Sewer Bylaw 6656, 1994, Amendment Bylaw 8049, 2014 (Amendment 23)" as attached to this report.

The bylaw attached to this report is the version of the bylaw that received First and Second reading on April 28th and is the correct version for Council to consider for Third reading.

Respectfully submitted,

Natasha Letchford
Deputy Municipal Clerk

The Corporation of the District of North Vancouver

Bylaw 8049

A bylaw to amend the Sewer Bylaw 6656 (1994)

The Council for The Corporation of the District of North Vancouver enacts as follows:

1. Citation

- 1.1 This bylaw may be cited as “Sewer Bylaw 6656, 1994, Amendment Bylaw 8049, 2014 (Amendment 23)”.

2. Amendments

2.1 Sewer Bylaw 6656, 1994, is hereby amended as follows:

- (a) The definition of “sewage” in Section 2- is deleted and replaced with the following new definition:

*“**sewage** means a liquid waste, other than clear water waste, groundwater and storm water.”*

- (b) The definition of “storm water” in Section 2- is deleted and replaced with the following new definition:

*“**storm water** means rain water with impurity levels that will not contravene the Fisheries Act, R.S.C. 1970, c.F.-14.”*

- (c) A new definition for “groundwater is inserted in section 2 as follows:

*“**groundwater**” means the water beneath the surface of the ground, consisting largely of surface water that has seeped down and is the source of water for aquifers, springs and wells. The upper surface of groundwater is the water table.”*

- (d) A new definition for “qualified professional” is inserted in section 2 as follows:

*“**qualified professional** means a professional hydrologist or hydro-geologist with appropriate education, training, credentials, certification and experience fully insured and in good standing with the relevant professional association.”*

- (e) New sections 7.1 to 7.3 are inserted as follows:

- “7.1 Except as provided in sections 7.2 and 7.3, no person shall discharge groundwater to the storm sewer system.*
- 7.2 Where the Director is satisfied that a proposed development cannot proceed without discharging groundwater to the storm sewer system, ground water may be discharged to the storm sewer system provided that a detailed hydrogeological report is prepared by a qualified professional and is approved by the Director, which report must state that:*
- (a) there are no other practical alternatives;*
 - (b) the proposed discharge will have no detrimental impacts to creek base flows and the receiving environment including fisheries and aquatic life;*
 - (c) the proposed discharge will not increase loading on storm sewer system; and*
 - (d) the groundwater regime will be maintained as close as possible to pre-development conditions.*
- 7.3 For proposed single family developments the Director may permit discharge of groundwater to the storm water system without the requirement for a report from a qualified professional, provided that the Director is satisfied, in his or her sole discretion, that conditions (a) to (d) in section 7.2 are satisfied.”*

3. Effective Date

3.1 The effective date of this bylaw is the date of adoption.
