#### 7.1. Seymour Local Plan: Status and Phasing March 4, 2013 Closed Council Meeting

THAT

- Council reaffirm the Seymour Local Plan status as a reference policy document to help inform land use decisions until more detailed planning for an area within Seymour is completed per Section 12.3.2 of the District Official Community Plan (OCP) recognizing that the unit count referred to in the Seymour Local Plan has not been in force or effect since the approval of the OCP and that it is not binding for planning purposes;
- 2. Council reaffirm that Seymour is not identified as one of the growth centres in the District OCP and that infill development opportunities identified in the Seymour Local Plan reference policy document are reflected on the District OCP land use map;

- 3. With the exception of the 3500 block Mount Seymour Parkway, Dollarton Shipyard / McKenzie Barge site and small single family infill subdivisions (up to 3 new lots), Council express a desire for slow and managed growth and construction in the Seymour Local Plan area, particularly along Mount Seymour Parkway; and,
- 4. Council instruct staff to advise potential applicants that, with the exception of the 3500 block Mount Seymour Parkway and the above-noted developments, further applications in the Seymour Local Plan area are currently considered premature and this motion will be revisited in March 2014.
