

The Corporation of the District of North Vancouver

CORPORATE POLICY MANUAL

Section:	Engineering & Public Works	11
Sub-Section:	Environmental Management - General	5280
Title:	AIR POLLUTION CONTROL	1

POLICY

In addition to the regulations of the Fire Bylaw, the following procedures shall be followed in the handling of air pollution matters:

1. The Building Department will distribute "Pollution Control Operating Permit" forms to building contractors for subsequent submission to the G.V.R.D. These permits enable the inspectors to approve construction plans and the installation of equipment to ensure that pollutants are kept within certain specified limits.
2. The Building Department will refer applicants for industrial developments to the G.V.R.D. with respect to proposed new industry and for any change of occupancy in industrial premises.
3. Complaints concerning pollution from outdoor burning sources will be referred to the Fire Department for action.
4. Complaints regarding pollution from all other sources (except vehicles) will be referred to the G.V.R.D.

REASON FOR POLICY

To ensure that air pollutants are kept within certain specified limits

AUTHORITY TO ACT

Delegated to Staff
