

The Corporation of the District of North Vancouver

**CORPORATE POLICY MANUAL**

Section:	Administration	1
Sub-Section:	Plans and Programmes	0620
Title:	QUALITY OF LIFE INDEX	2

**POLICY**

**A Quality of Life Index will be included in the Annual Report which is presented to Council at a Regular Council meeting.**

**REASON FOR POLICY**

To ensure that of quality of life indicators are monitored to assist decision makers in identifying trends and priorities in the District of North Vancouver.

**AUTHORITY TO ACT**

Retained by Council

**PROCEDURE**

The following framework will be used to report on a “District of North Vancouver Quality of Life Index”:

1. the information will be collected for the District as a whole and, where possible, the three broad geographic areas in the municipality, Seymour (East), Lynn Valley (Central) and Capilano (West)
2. the information will be reported on annually to Council in the spring at the same time that staff report to Council on the past year’s corporate performance
3. recognizing the diverse sources and the resources required to collect the information partnerships with external agencies will be utilized
4. the broad areas reported on will include:
  - The Environment
  - Housing
  - Traffic and Transportation
  - Recreation, Arts and Culture (including library)
  - Infrastructure
  - Economic Health
  - Public Health and Safety
  - Social Services
  - Demographics
  - Youth and Education
  - Community Participation
  - Service Satisfaction

5. The report will be presented to Council at a Regular Council meeting during April every year and copies will be made available electronically on our WEB page and in hard copy.
