

The Corporation of the District of North Vancouver

CORPORATE POLICY MANUAL

| | | |
|--------------|--|------|
| Section: | Buildings, Facilities and Properties | 2 |
| Sub-Section: | Properties (Municipally Owned) - General | 3710 |
| Title: | ECOSMART CONCRETE | 1 |

POLICY

That, within the limits of technical and performance requirements, all District buildings, structures and infrastructure projects should optimize the use of EcoSmart, or high volume fly-ash, concrete.

REASON FOR POLICY

To demonstrate a leadership role in the practice of sustainable development and the application of environmental design principles and practices.

PROCEDURE

Design consultants, suppliers and development partners should be directed, early in project planning, to optimize the use of EcoSmart concrete.

AUTHORITY TO ACT

Delegated to Staff.
