600-C.10 Landscaping

   a) All land areas not occupied by buildings, structures, plazas, patios, parking spaces, loading spaces, driveways, manoeuvring aisles, and sidewalks shall be landscaped.
   b) A 2 m (6.6 ft) high screen consisting of a solid wood fence, or landscaping, or a combination thereof, all with 90% opacity, is required to screen from public view:
      i. exterior garbage and recycling areas, where permitted; and
      ii. exterior utility boxes, vents and pumps.
   c) A 1.8 m (6 ft) wide landscaped buffer is required at the rear of any property abutting land zoned Residential (RS and RM) which is not occupied by vehicle access or parking.

600-C.11 Parking, Loading and Vehicle Access Regulations

   a) For 5020 Capilano Road legally described as Lot A Block B District Lot 594 Plan 1792, PID: 014-288-702, access to the underground parking for the site is only permitted from Clements Avenue.
   b) Parking spaces shall be provided in accordance with Part 10 of this Bylaw.
   c) A loading bay in accordance with Part 10 of this Bylaw is required for any building with more than 500m² (5,382 sq ft) of floor area on the main floor used for office, personal service, restaurant, retail or service uses.
   d) All above ground parking adjacent to a street must be separated by a landscaped buffer area of no less than 1m (3.3 ft) in width.
The District of North Vancouver
REPORT TO COUNCIL

April 14, 2016
File: 13.6650.01/000.0000

AUTHOR: Natasha Letchford, Planner

SUBJECT: Bylaw 8165: Upper Capilano Commercial Zoning

RECOMMENDATION:

THAT “The District of North Vancouver Rezoning Bylaw 1340 (Bylaw 8165)” which rezones two commercial sites in Upper Capilano to a new Village Commercial Zone is given FIRST reading;

AND THAT Bylaw 8165 is referred to public hearing.

REASON FOR REPORT:

Bylaw 8165, which rezones two commercial sites in Upper Capilano from General Commercial Zone 2 (C2) to a new Village Commercial Upper Capilano Zone (VC – UC) is ready for Council’s consideration.

SUMMARY:

Following the direction in Council’s 2014 withholding motion and a public consultation process, Bylaw 8165 is being presented to Council for consideration. This bylaw rezones the properties at 5020 Capilano Road/1180 Clements Avenue and 4710-4740 Capilano Road from General Commercial Zone 2 (C2) to a new Village Commercial – Upper Capilano Zone (VC – UC). This zoning accommodates a wide range of uses such as restaurants, retail, residential and office. The aim of this bylaw is to introduce zoning that more closely fits with the vision for the future of the Upper Capilano neighbourhood and the scale of the surrounding residential uses.

BACKGROUND:

On April 7, 2014, Council passed a motion directing staff to prepare a bylaw specific to the properties at 5020 Capilano Road/1180 Clements Avenue and 4710-4740 Capilano
Road in Upper Capilano to ensure redevelopment is of a type and scale in keeping with the residential character of Upper Capilano (Attachment A).

ANALYSIS

Existing Conditions

The properties at 5020 Capilano Road/1180 Clements Avenue (Capilano Heights Chinese Restaurant) and 4710-4740 Capilano Road (Grouse Woods Plaza) are zoned General Commercial Zone 2 (C2). The properties are also designated Commercial Residential Mixed-Use Level 1 (CRMU1) in the Official Community Plan (OCP). This designation is intended predominantly for general commercial purposes, such as retail, service and offices. Residential uses above commercial uses at street level are generally encouraged. Development in the CRMU1 designation and C2 Zoning is permitted up to approximately 1.75 FSR.

a) 5020 Capilano Road/1180 Clements Ave: Capilano Heights Chinese Restaurant

The site is occupied by Capilano Heights Chinese Restaurant which has been in operation since 1972. Capilano River Regional Park (i.e. Cleveland Dam) is located west of the site; the property is otherwise surrounded by single family residential properties. The site is 2,259 m$^2$ (24,315 ft$^2$) in area. Development issues include the need for sensitive transition to adjacent single family uses and a desire to maintain small scale commercial activities with limited residential capacity onsite. Sightlines and access may also be of concern given the property’s location on a corner apex along Capilano Road.
b) 4710-4740 Capilano Road: Grousewoods Plaza

The site is occupied by a one level commercial building (Grouse Woods Plaza) which includes a convenience store, drycleaner and two restaurants. A ground oriented townhouse development is located east and north of the site. Single family uses are to the south and west of the site. The site is 1,132 m$^2$ (12,184 ft$^2$) in area.

Similar to the other site, development issues relate to the potential height and bulk of buildings adjacent to the neighbouring ground-oriented townhouse development and single family uses. This is coupled with a desire to maintain small scale commercial activities with limited residential capacity onsite.

Zoning:

The following table identifies the development potential within the existing General Commercial Zone 2 compared to the proposed VC – UC zone. The maximum floor space ratio (FSR) for the site at 5020 Capilano Road/1180 Clements Avenue under the proposed bylaw would be 1.4 while the maximum FSR for 4710-4740 Capilano Road would be 1.2. The table generally specifies the potential building bulk/massing allowed within each zone:

<table>
<thead>
<tr>
<th>Zone</th>
<th>Height</th>
<th>Max. Building Coverage</th>
<th>Max. Site Coverage</th>
<th>FSR</th>
</tr>
</thead>
<tbody>
<tr>
<td>C2</td>
<td>12 m (40 ft)</td>
<td>50%</td>
<td>85%</td>
<td>1.75</td>
</tr>
<tr>
<td>VC-UC</td>
<td>10.7 m (35 ft)</td>
<td>80%</td>
<td>90%</td>
<td>1.4 or 1.2</td>
</tr>
</tbody>
</table>
The existing C2 Zone would permit a four storey building whereas the proposed VC – UC zone would limit the height to 3 storeys or 10.7 m (35 ft). The C2 zone does not include specific setback regulations as they are established through the development permit process. The proposed VC – UC zone requires a setback between 1.5 m (5 ft) to 4 m (13.1 ft) with the larger setback required between the site and any single family or multi-family residential property.

Residential uses are currently permitted within the C2 zone and would continue to be permitted in the VC – UC zone subject to the following conditions: any part of the residential unit which faces Capilano Road must be located above the ground floor; each unit must have access to a private storage space; and, residential use is only permitted when office, personal service, restaurant, retail, or service uses are located on the ground floor. A copy of the bylaw is attached as Attachment 3.

Public Input:

On November 3, 2015, staff held an Open House at the Highlands United Church seeking input on potential zoning updates for the two properties. Twenty-seven people attended the open house and 18 feedback forms were received. Using the survey responses as well as the input received at the meeting and numerous emails, staff prepared a draft commercial zone specifically designed for these two sites. A summary of the comments received during the Open House is provided as Attachment 2.

Key Issues

A combination of a survey, an open house, discussions, and correspondence have all fed into staff review of these two commercial properties. Key issues arose as part of this discussion:

1. **Building Height**: Many local residents expressed a desire that the existing buildings not change or be limited in height to 2 storeys. However, the majority (55%) of local residents believed that a reasonable building height for new development is 3 to 4 storeys.

Bylaw 8165 proposes a height regulation for both properties of 10.7 m (35 ft) and 3 storeys. This height respects the surrounding residential uses while supporting future development.

2. **Neighbourly Transitions**: 75% of respondents strongly agreed that new development on these properties should provide a transitional area between adjacent residential uses.

Bylaw 8165 proposes to require future development to be set back from property lines of adjacent residential uses by 4 metres (13.1 ft). This setback will help limit
the impacts of future commercial/residential uses on adjacent neighbours by increasing the distance between buildings.

3. **Scale of Retail:** Many of the local residents expressed a desire to retain the existing mix of medium (restaurant) and small scale (corner store/drycleaners) commercial uses on these properties.

Bylaw 8165 proposes to limit the size of each individual commercial unit to 186 m² (2,002 sq. ft.) with the exception of 5020 Capilano Road/1180 Clements Ave which is limited in size to 550 m² (5,920 sq. ft.) to reflect the area of the existing restaurant.

4. **Access:** Many of the local residents expressed concern with the safety of the laneway access between Clements Avenue and Prospect Avenue in regards to the close proximity of the intersection at Clements Ave. and Capilano Rd. The VC-UC zone requires vehicle access for this property to be from Clements Ave.

5. **Parking:** Residents want to ensure that there is sufficient underground parking on the Capilano Heights Restaurant site.

The VC-UC zone requires that all new development provide parking on site at the blended rate for commercial parking of 1 stall per 30 m² (323 sq. ft.) of gross floor area. This blended rate has been in place since 2011 in the Village Commercial Gallant Avenue and Village Commercial Deep Cove areas.

6. **Owner Input:** The owner of one of the properties attended the public meeting and participated in the consultation process. Staff spoke to owners of both properties and provided them with an opportunity to comment on the proposed zoning and the draft zoning bylaw. Minor amendments have been made to accommodate owner input.

Bylaw 8165 supports future redevelopment of these properties by providing additional clarity around the type and form of development that is appropriate on these sites.

### Conclusion:

Bylaw 8165 proposes a set of land use regulations for the commercial properties at 5020 Capilano Road/1180 Clements Avenue and 4710-4740 Capilano Road that will provide a transition to surrounding residential uses, support redevelopment opportunities, and enhance the general character along Capilano Road.
