COUNCIL WORKSHOP

5:00 p.m.
Tuesday, June 19, 2018
Committee Room, Municipal Hall,
355 West Queens Road, North Vancouver

AGENDA

1. ADOPTION OF THE AGENDA

1.1. June 19, 2018 Council Workshop Agenda

Recommendation:

THAT the agenda for the June 19, 2018 Council Workshop is adopted as circulated, including the addition of any items listed in the agenda addendum.

2. ADOPTION OF MINUTES

2.1. May 14, 2018 Council Workshop

p. 7-9

Recommendation:

THAT the minutes of the May 14, 2018 Council Workshop meeting are adopted.

2.2. May 22, 2018 Council Workshop

p. 11-14

Recommendation:

THAT the minutes of the May 22, 2018 Council Workshop meeting are adopted.

3. REPORTS FROM COUNCIL OR STAFF

3.1. 2019 Budget Update

File No.

Presentation: Mr. Andy Wardell, Acting General Manager, Finance & Technology

3.2. 2011-2018 Development Update

p. 19-36

File No. 13.6480.30/001.001

Recommendation:

THAT the June 11, 2018 report from the Manager – Community Planning entitled 2011-2018 Development Update is received for information.

4. PUBLIC INPUT

(maximum of ten minutes total)

5. ADJOURNMENT

Recommendation:

THAT the June 19, 2018 Council Workshop is adjourned.

MINUTES

THIS PAGE LEFT BLANK INTENTIONALLY

DISTRICT OF NORTH VANCOUVER COUNCIL WORKSHOP

Minutes of the Council Workshop for the District of North Vancouver held at 5:04 p.m. on Monday, May 14, 2018 in the Committee Room of the District Hall, 355 West Queens Road, North Vancouver, British Columbia.

Present: Mayor R. Walton
Councillor M. Bond
Councillor J. Hanson
Councillor R. Hicks
Councillor D. MacKay-Dunn (via telephone)

Absent: Councillor R. Bassam
Councillor L. Muri

Staff: Ms. C. Grant, Acting Chief Administrative Officer
Mr. D. Milburn, General Manager – Planning, Properties & Permits
Mr. A. Wardell, Acting General Manager – Finance & Technology
Mr. S. Ono, Manager – Engineering Services
Ms. L. Brick, Deputy Municipal Clerk
Ms. C. Walker, Chief Bylaw Officer
Ms. S. Dale, Confidential Council Clerk

1. ADOPTION OF THE AGENDA

1.1. May 14, 2018 Council Workshop Agenda

MOVED by Councillor BOND

SECONDED by Councillor HICKS

THAT the agenda for the May 14, 2018 Council Workshop is adopted as circulated.

CARRIED

2. ADOPTION OF MINUTES

2.1. April 16, 2018 Council Workshop

MOVED by Councillor MACKAY-DUNN

SECONDED by Councillor HANSON

THAT the minutes of the April 16, 2018 Council Workshop meeting are adopted.

CARRIED

2.2. April 17, 2018 Council Workshop

MOVED by Councillor MACKAY-DUNN

SECONDED by Councillor HANSON

THAT the minutes of the April 17, 2018 Council Workshop meeting are adopted.

CARRIED

3. REPORTS FROM COUNCIL OR STAFF

3.1. Complaint and Enforcement Policy

File No. 09.3900.01/000.000

Mr. Dan Milburn, General Manager – Planning, Properties & Permits, provided an update regarding the District's enhanced bylaw enforcement strategy which includes bylaw updates, adding resources and a modified management approach. Mr. Milburn presented the draft Complaint and Enforcement Policy highlighting the following topics:

- Information available to the public;
- Role of Council in the enforcement process;
- Role of bylaw enforcement staff;
- Standards of conduct for bylaw enforcement staff;
- Receiving complaints;
- Freedom of Information and Protection of Privacy;
- Complaint priority;
- Assessing complaints and choosing a method of enforcement; and,
- Communication with the alleged offender and complainant.

Council discussion ensued and the following questions and comments were noted:

- Questioned the cost implications of enforcing bylaws;
- Expressed concerns with regards to increased staffing needed to enforce bylaws;
- Encouraged education and awareness of community standards;
- Suggested setting fines to recover staffing costs;
- Questioned when the Standard of Maintenance Bylaw would be returned to Council for consideration;
- Questioned how many hen permits have been issued since the adoption of the bylaw in September 2017;
- Suggested that if a park is full, a ranger suggest an alternate park that may be visited;
- Questioned if trail maintenance and proper signage on Quarry Rock is the District's responsibility;
- Noted that all consolidated bylaws are available to the public on the District's website;
- Commented that bylaw enforcement officers are needed to ensure demand management is met for parking restrictions;
- Requested that staff report back on how many parking tickets have been issued in Deep Cove;
- Suggested that issues be addressed early to avoid significant costs;
- Commented that supportive data on visitors to the District parks would be beneficial; and,
- Queried how enforcement has been effected since increasing staff resources.

Public input:

Ms. Betty Forbes, District Resident:

- Questioned the specific timeframe for the District to respond to complainants; and,
- Questioned how quickly the District would follow up with the alleged offender.

MOVED by Councillor HANSON

SECONDED by Councillor BOND

THAT the May 4, 2018 report of the General Manager – Planning, Properties & Permits entitled Complaint and Enforcement Policy is received for information;

AND THAT staff incorporate Council's feedback into a revised Complaint and Enforcement Policy for Council's consideration at a Regular Council Meeting which:

- a. Outlines the goals of the District's bylaw enforcement program and sets clear expectation and standards for bylaw enforcement; and,
- b. Replaces the Complaints – Petitions Policy and Recreation Vehicles and Private Pleasure Boats Policy.

CARRIED

4. ADJOURNMENT

MOVED by Councillor HANSON

SECONDED by Councillor HICKS

THAT the May 14, 2018 Council Workshop is adjourned.

CARRIED

1. ADOPTION OF THE AGENDA

1.1. May 22, 2018 Council Workshop Agenda

MOVED by Councillor MURI

SECONDED by Councillor HANSON

THAT the agenda for the May 22, 2018 Council Workshop is adopted as circulated.

CARRIED

Absent for Vote: Councillors BOND and HICKS

2. ADOPTION OF MINUTES

Nil

3. REPORTS FROM COUNCIL OR STAFF

3.1. Overview of Heritage Conservation Incentives

File No. 13.6800.01/000.000

Ms. Angele Clarke, Planner, provided an overview of incentives that could be used for heritage preservation and restoration. Ms. Clarke highlighted a list of incentives determined to be most applicable to the District which include:

- Direct grants;

- Permissive tax incentives;
- Reduced permit fees;
- Heritage Revitalization Agreements (HRA);
- Relaxations/variances;
- Heritage Register equivalencies and exemptions; and,
- Administrative support and heritage support programs.

Councillor BOND arrived at this point in the proceedings.

Council discussion ensued and the following questions and comments were noted:

- Recommended that detailed guidelines be provided to homeowners renovating heritage homes;
- Questioned if waiving fees have been applied to preserving heritage homes;
- Noted the importance of applying incentives so protected heritage properties are not lost;
- Questioned when the Heritage Strategic Plan will be brought forward for consideration;
- Questioned if conservation areas have been discussed in areas such as Upper Capilano;
- Suggested engaging with owners on the Heritage Register to educate them on incentive opportunities to maintain heritage homes;
- Acknowledged the significant cost of maintaining heritage houses that require work;
- Commented regarding the Heritage Grant Program;
- Requested that staff report back on funding of these incentives; and,
- Suggested that a future discussion be held regarding the policy and options for promoting heritage preservation.

Ms. Clarke advised that direct grants is an incentive program that is being used and 2017 was the first year heritage grants were offered. She noted that there are different ways a grant program can be established and administered. Currently, the District draws the interest off a fund held by the North Shore Heritage Foundation. In 2017 just over \$3,000 was made available to grants and six \$500 grants for heritage preservation and restoration projects were awarded.

Ms. Clarke further advised that a public open house was held on April 11, 2018 and an online survey was also made available for those who were unable to attend. She noted that feedback received will be incorporated into the draft Heritage Strategic Plan.

Public Input:

Ms. Jennifer Clay:

- Spoke to the property tax incentive noting that property owners who have already restored their home may not benefit from this reward.

Council recessed at 5:36 pm and reconvened at 5:40 pm.

3.2. Early Input Opportunity – Travelodge and North Shore Innovation District File No. 08.3060.20/037.18

Ms. Jennifer Paton, Manager – Development Planning, provided an update on development applications recently received. These projects include:

- Travelodge Rezoning Proposal (Lions Gate) – 2050-2070 Marine Drive; and,
- North Shore Innovation District (Maplewood) – 2420 Dollarton Highway.

Council Discussion 2050-2070 Marine Drive:

- Questioned the timing of the proposed project and when it would likely be brought forward for Council's consideration;
- Questioned the public notification process for the Public Information meeting held on Wednesday, May 23, 2018;
- Felt that phased development will be critical to the success of the Lions Gate area;
- Stated that coordination between municipalities is essential;
- Spoke in support of density bonusing as a means to provide more affordable housing options;
- Emphasized the need for more rental units;
- Spoke to the importance of having a clear policy on how to implement affordable housing;
- Requested that preliminary applications be brought forward for Council to provide direction as to where cash CACs are to be allocated; and,
- Expressed concern with traffic construction suggesting one coordinator be appointed to coordinate all construction traffic for the Lions Gate Village Centre area.

Councillor HICKS arrived at this point in the proceedings.

Council Discussion 2420 Dollarton Highway:

- Expressed concern with the connectivity of the Spirit Trail;
- Questioned how and when the proposed B-line service will be extended to Maplewood Village;
- Expressed concern that the proposed B-line is not guaranteed;
- Spoke to the potential Berkley Road connection;
- Suggested providing a shuttle service to Capilano University;
- Commented on the relationship between public transportation and the supply of housing;
- Commented that providing employee housing will help reduce traffic;
- Spoke to the importance of creating a pedestrian friendly town centre;
- Commented on the importance of educating residents on other modes of transportation;
- Spoke to the opportunity to try something new and innovative;
- Expressed concern regarding encroaching onto existing green space;
- Expressed concern with regards to the potential displacement of existing small businesses as a result of redevelopment;
- Spoke to the economic opportunities;
- Questioned the timing and phasing of the Innovation District project;
- Suggested utilizing empty parking lots on evenings and weekends;

- Suggested the developer hold a series of Open Houses to educate residents on the benefits of the jobs produced in this area will have on the community;
- Expressed concern with the public notification process suggesting the 100m radius be increased on this proposal; and,
- Requested that staff report back on the environmental impact of surface water flows and wetlands and how they will be managed.

MOVED by Councillor MURI

SECONDED by Councillor BOND

THAT the May 11, 2018 report of the General Manager, Planning, Properties and Permits entitled Early Input Opportunity – May 22, 2018 Travelodge and North Shore Innovation District is received for information.

The District of North Vancouver REPORT TO COMMITTEE

June 11, 2018

File: 13.6480.30/001.001.000

AUTHOR: Tom Lancaster, Manager of Community Planning

SUBJECT: 2011 - 2018 Development Update

RECOMMENDATION:

THAT the June 11, 2018, report from the Manager of Community Planning entitled **2011 - 2018 Development Update** is received for information.

REASON FOR REPORT:

At a Regular meeting of Council on April 9, 2018, Council passed the following resolutions:

THAT staff be directed to report to Council all current and future development being considered for the year 2018;

AND THAT the information be presented at a Regular Meeting of Council at the earliest opportunity available.

This report has been prepared in response to these Council resolutions and provides an update on approved residential development since 2011, as well as residential development applications that staff anticipate will be presented to Council for consideration this term. This report will also help inform the ongoing work of the OCP Implementation Monitoring Committee.

SUMMARY:

The Official Community Plan (the 'OCP'), adopted by Council on June 27, 2011, lays out the future structure of the community, organized around a Network of Centres to achieve a compact, efficient, environmentally sustainable, prosperous and socially equitable community.

This report includes an analysis of:

1. The annual number of net new multi-family residential units occupied (2011 – 2030), by housing type: non-market rental, market rental, and market ownership;

2. The cumulative number of net new multi-family residential units occupied (2011 – 2030), by housing type: non-market rental, market rental, and market ownership;
3. The cumulative number of net new multi-family residential units occupied (2011 – 2030), by housing type: non-market rental, market rental, and market ownership; and by location (i.e. by Key Centre and outside of Key Centres)
4. The cumulative gross number of new multi-family residential units (2011 – 2030), by housing type: non-market rental, market rental, and market ownership; and by number of bedrooms: studio, one bedroom, two bedroom, three bedroom, and four bedroom.
5. Progress towards the 2030 estimated demand by housing type (i.e. the Housing Continuum);
6. The cumulative gross number, area, and construction value of all multi-family and single-family residential units occupied (2011 – May 30, 2018); and
7. The estimated CACs that have been, or will be, collected from approved multi-family residential developments (2011 – May 30, 2018).

EXISTING POLICY:

OCP Section 1, Growth Management; the 2030 target is “75-90% of new residential units located in 4 key centres within the Network of Centres”

OCP Section 1, Growth Management; “Looking to 2030, the OCP identifies capacity for approximately 10,000 net new housing units, corresponding to a population increase of around 20,000 people and 10,000 new jobs. These figures are estimates only. They are provided to help guide planning and are not targets. This growth may or may not occur over the 20-year planning horizon to 2030...”

OCP Section 2.1 Town Centres; “The District’s objective for the Town Centres is to create vibrant and complete communities that provide diverse housing, employment and recreational opportunities.”

OCP Section 12.2 Plan Monitoring: Indicators and Targets; “Progress towards these targets and assessment of these indicators will inform periodic monitoring of the OCP.”

ANALYSIS:

Key Assumptions:

- Figures 1 – 3 and 7 include **net** new multi-family residential units:
 - occupied from 2011 to May 30, 2018,
 - approved from 2011 to May 30, 2018, but not occupied as of May 30, 2018; and
 - anticipated* for Council consideration before the end of this term.
- Figures 4 – 6 include the **gross** number of new multi-family residential units:
 - occupied from 2011 to May 30, 2018,
 - approved from 2011 to May 30, 2018, but not occupied as of May 30, 2018; and
 - anticipated* for Council consideration before the end of this term.

- The District of North Vancouver Housing Continuum (Figure 7) includes all forms of housing; however, Figures 1 – 6, 8, 9 do not include safe houses; emergency, supportive, and transition housing; seniors care and disability care beds; secondary suites, and coach houses. This has been done to allow for ease of comparison to OCP policies, targets, and estimated residential demand.
- Multi-family residential development applications currently being processed, but not anticipated for Council's consideration by the end of this term, are included in **Attachment 1**. These particular applications are not included in Figures 1 – 9 because the type of units, number of bedrooms, CACs, and construction timelines cannot be sufficiently estimated to allow for a more thorough analysis.

* The residential units anticipated for Council's consideration before the end of this term are included in this analysis to assist with Council's evaluation of potential outcomes. Council retains unfettered discretion when considering these development applications.

1. Annual Net New Multi-Family Residential Units Occupied

The annual number of net new multi-family residential units occupied (2011 – 2030), by housing type: non-market rental, market rental, and market ownership is found in Figure 1 below. The horizontal yellow line depicts the annual average estimated demand (500 units/year).

Figure 1: Annual Net New Multi-Family Residential Units Occupied (2011 – 2030)

2. Cumulative Net New Multi-Family Residential Units Occupied

The cumulative number of net new multi-family residential units occupied (2011 – 2030), by housing type: non-market rental, market rental, and market ownership is found in Figure 2 below. The yellow dot depicts the estimate demand from the OCP for net new residential units by 2030. **Attachment 2** illustrates the cumulative net new multi-family residential units occupied (2001 – 2030). **Attachment 3** references units occupied (2011- May 30,2018). **Attachment 4** references units approved but not occupied (2011-May 30, 2018)

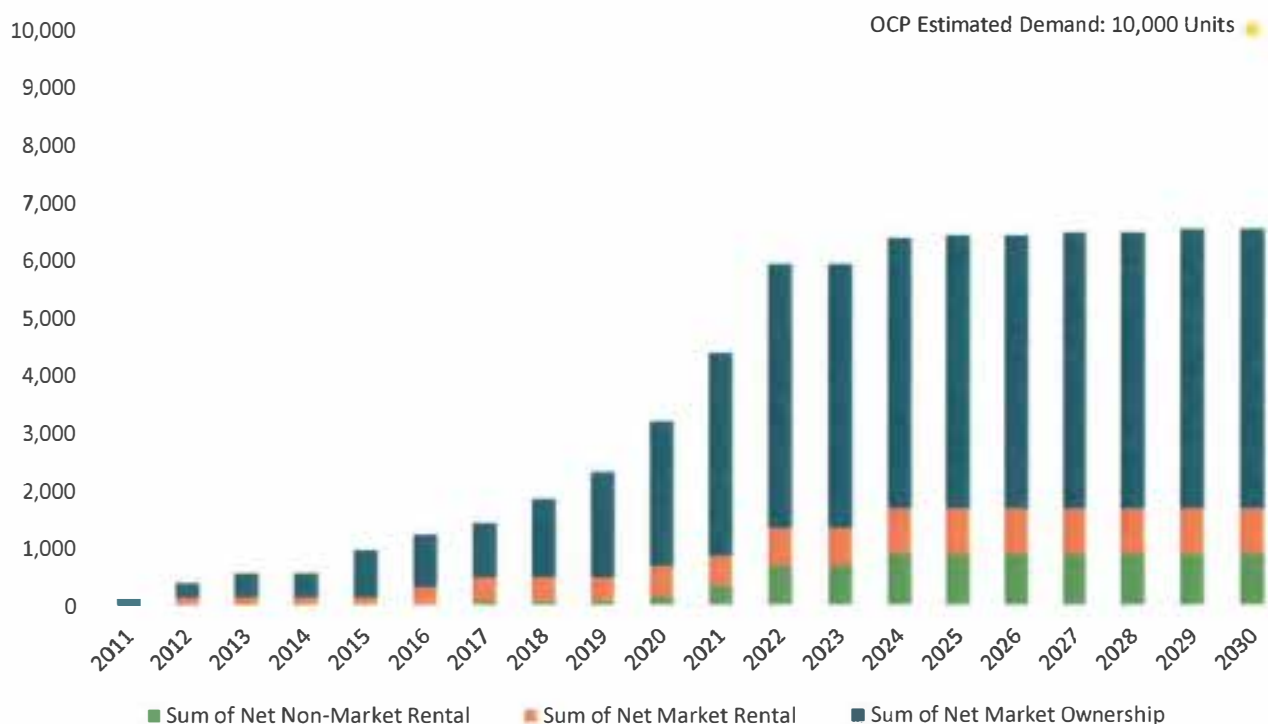

Figure 2: Cumulative Net New Multi-Family Residential Units Occupied (2011 – 2030)

3. Cumulative Net New Multi-family Residential Units Occupied by Location

The cumulative number of net new multi-family residential units occupied (2011 – 2030), by housing type: non-market rental, market rental, and market ownership; and by location (Key Centre, Outside of Centres) is found in Figure 3 below. The yellow rectangle depicts the OCPs estimated residential demand outside of Key Centres (10% - 25% of 10,000 units which equals 1,000 to 2,500 units). The estimated number of net new occupied units outside the four Key Centres shown in Figure 3 is significantly impacted by the proposed Maplewood Innovation District east of the Maplewood Village Centre, and the proposed Kiwanis project (2555 Whitely Court) adjacent to the Lynn Valley Town Centre. **Attachment 5** illustrates the annual and cumulative new multi-family residential units occupied by Key Centre (2011 -2030).

Figure 3: Cumulative Net New Multi-family Residential Units Occupied by Location (2011 – 2030)

4. Cumulative Multi-family Residential Units Occupied by Housing Type and Bedroom Type

The gross number of new multi-family residential units (2011 – 2030), by housing type: non-market rental, market rental, and market ownership, and by number of bedrooms: studio, one bedroom, two bedroom, three bedroom, and four bedroom, is found in Figures 4, 5 and 6. Figure 4 includes non-market rental units, Figure 5 includes market rental units, and Figure 6 includes market ownership units.

Figure 4: Cumulative Non-Market Rental Multi-family Residential Units

The total number of non-market rental units shown in Figure 4 above is 896.

Figure 5: Cumulative Market Rental Multi-family Residential Units

The total number of market rental units shown in Figure 5 above is 879.

Figure 6: Cumulative Market Ownership Multi-family Residential Units

The total number of market ownership units shown in Figure 6 above is 5,201.

5. Progress Towards OCP 2030 Estimated Demand

The estimated population growth indicated in the OCP of 20,000 new residents by 2030 relates directly to the OCP's estimated housing demand of 10,000 net new units. The District's Housing Continuum was created as a way of monitoring progress towards the policy goals of diversifying housing and achieving various types of housing. The OCP and the Rental and Affordable Housing Strategy (RAHS) lay out specific policies to assist in achieving the OCP's Strategic Direction of facilitating housing choice for a more balanced and diverse population.

Figure 7 below shows the number of units in 2011 of each type, the estimated demand to 2030, and the progress towards the estimated demand for each housing type.

A new category, 'Affordable Home Ownership' has been added to reflect some of the units being proposed in the Maplewood Innovation District. Because there has been no demand estimates in the past for this type of housing, the Continuum does not show the proposed units progressing towards a 2030 number, and will require further direction from Council

OCP PROGRESS TO 2030

Figure 7: Progress Towards the OCP 2030 Estimated Demand

6. Residential Construction by Housing Type

The cumulative gross number, area and construction value of all multi-family and single-family residential units occupied (2011 – 2018) is found in Figure 8 below. This high level estimate includes only those units that have received occupancy between 2011 and May 30, 2018.

Building Type	Total Units	Total m2	Total Construction Costs
Multifamily Woodframe	948	75,829	\$190,083,839
Multifamily Concrete	719	54,853	\$192,828,282
Multifamily Townhouse	266	26,322	\$93,032,599
Single Family Detached	747	216,939	\$710,764,434

Figure 8: Residential Construction by Housing Type**7. Estimated CACs**

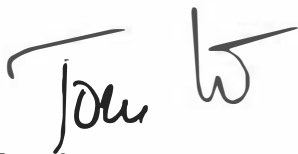

The estimated CACs that have or will be collected from approved multi-family residential developments (2011 – May, 30, 2018).

Council Approved CAC's m\$		
Built and Collected	Pending Collection	Total
\$ 25.0	\$ 38.1	\$ 63.0

Figure 9: Estimated CACs**Conclusion:**

Council requested staff provide an update on development to Council. From 2011 to May 2018, 1,530 net new residential units were built and occupied. If all residential units that have been approved since 2011 get built, and all the residential units that will be presented to this Council during the remainder of its term are approved, up to 6,540 total net new units could be built and occupied by 2030.

Respectfully submitted,

Tom Lancaster
Manager of Community Planning
