3. Frequency of Attendance

Generally staff may attend only one conference outside of British Columbia in a calendar year.

4. Travel Authorization and Request for Travel Advance

See procedure #8 for additional approval requirements regarding spousal or partner travel.

5. Review and Approval of Travel Expense Reports

Each staff member shall submit a completed Travel Expense Report to Accounts Payable within 30 calendar days of the last scheduled day of the event, setting out all expenses necessarily incurred to attend the event. Non-compliance will be reported to the Chief Financial Officer (CFO) and the approving officer for appropriate action. Approval of a completed Travel Expense Report is made in accordance with the following:

The CFO or designate will review the financial limits in the Appendices once every three years, and update the limits to reflect current market conditions.

6. Settlement of Over Expenditures

Within 30 calendar days of notification of a claimed over expenditure the staff member is required to pay back to the Municipality any amount claimed and received in excess of the prescribed expense limits set out in this policy. Failing this, the amount owing is to be deducted from the staff member's salary.

7. Corporate Functions

The District can host or co-host corporate functions such as economic development initiatives, host dignitaries from other governments, civic celebrations, award and recognition events and community forums. Events may include entertainment and meals (occasionally including the serving of alcoholic beverages).

These corporate functions are not considered Staff Expenses under this policy. These functions must be submitted with a budget and approved in advance by the Chief Administrative Officer (CAO), or the Mayor in the case of the CAO, to be recognized as Corporate Functions.

Expenses incurred at a Corporate Function can be covered by a cash advance or paid for by the CAO and be submitted for reimbursement on a Corporate Function Expense Report. The CFO will review Corporate Function expenditures for reasonableness and approve the reimbursement.

REASON FOR POLICY

The Municipality recognizes that employees are an important element in the delivery of services and is committed to providing the necessary training and development to enable corporate service objectives to be met. Therefore attendance by technical, professional and managerial staff at appropriate conferences for the purposes of development and networking is encouraged. To provide guidelines to staff for consistency and accountability when travelling on Municipal business, attending conferences, seminars, or other training opportunities, it is essential to have a clear and understandable policy supported by sound procedures clearly defining authority to attend, funding source, permitted expenses and payment limits and reporting requirements.

AUTHORITY TO ACT

Administration of this policy is delegated to staff.
