8.8. UBCM Resolution: Biodiversity Crisis Requires Urgent Species at Risk Protection and Legislation

File No.

[Report: Councillor Curren, February 15, 2022](#)

Recommendation:

THAT the UBCM Resolution: Biodiversity Crisis Requires Urgent Species At Risk Protection and Legislation as presented is supported:

WHEREAS British Columbia has the greatest biological diversity of any province or territory in Canada, the most species at risk, and is the only major jurisdiction in Canada without stand-alone Species At Risk legislation;

WHEREAS only 4 of the 1,336 species at risk recognized by the province are legally protected under the Wildlife Act, yet unsustainable land use and extractive development are causing BC's wildlife populations to decrease in abundance, with many species facing extinction;

AND WHEREAS the current patchwork of provincial laws and regulations has not effectively prevented species decline or extinction and is not consistent with British Columbia's commitment to enshrine the United Nations Declaration on the Rights of Indigenous Peoples into law;

THEREFORE BE IT RESOLVED that UBCM request the Ministry of Environment to urgently enact Species At Risk Protection and Legislation in partnership with First Nations and in a manner that promotes and respects First Nations inherent, Treaty and constitutionally protected rights and interests along with adequate funding, consistent with the United Nations Declaration on the Rights of Indigenous Peoples.

8.9. [Opposing Roberts Bank Terminal 2 Expansion](#)

File No.

[Report: Councillor Curren, February 10, 2022](#)

Recommendation:

THAT Council oppose the proposed Roberts Bank Terminal 2 expansion;

AND THAT Council send letters to the Federal Minister of Environment and Climate Change, Premier of BC, Provincial Minister of Environment and Climate Change Strategy, and the Provincial Minister of Transportation and Infrastructure requesting that the Roberts Bank Terminal 2 Expansion not proceed due to irreversible ecological impacts and numerous environmental and public health concerns outlined in the Federal Review Panel for Roberts Bank Terminal 2.

8.10. [UBCM Resolution: Beyond GDP: A Wellbeing Framework in British Columbia](#)

File No.

[Report: Councillor Curren, February 15, 2022](#)

Recommendation:

THAT the UBCM resolution Beyond GDP: A Wellbeing Framework in British Columbia is supported for LMLGA consideration:

WHEREAS Gross Domestic Product was never intended to be used as an indicator of a society's health or wellbeing, does not reflect Indigenous values, does not account for the health of natural systems which underpin all life, and does not account for harmful externalities including pollution and climate change impacts;

WHEREAS the British Columbia Assembly of First Nations recommended that the province adopt a Wellbeing Framework in British Columbia in the 2020 report 'Centering First Nations Concepts of Wellbeing toward a GDP-alternative Index in BC';

AND WHEREAS 82% of Canadian respondents felt that measures beyond economic growth such as health and safety, access to education, access to clean water, time for extracurricular and leisure activities, life satisfaction, social connections, and equality of access to public services are important to their day-to-day life;

THEREFORE BE IT RESOLVED that UBCM request the Ministry of Finance, Ministry of Jobs, Economic Recovery and Innovation, and all relevant Ministries to work in partnership with Indigenous peoples, including the British Columbia Assembly of First Nations, to transform the current Gross Domestic Product economic framework in BC into a Wellbeing Framework which centres Indigenous values, includes the health and wellbeing of all people and all species, and includes the health of natural systems which underpin all life.
